New Delhi, the 9th December 1952

No. 8-P.I(23)/52.—The following draft of a further amendment to the Bombay Port Rules, 1925, published with the notification of the Government of Bombay in the late Marine Department, No. 441/42M, dated the 19th January, 1925, which it is proposed to make in exercise of the powers conferred by sub-section (1) of section 6 of the Indian Ports Act, 1908 (XV of 1908), is published, as required by sub-section (2) of the said section for the information of all persons likely to be affected thereby, and notice is hereby given that the draft will be taken into consideration on or after the 15th January, 1953.

Any objections or suggestions which may be received from any person in respect of the said draft before the date specified will be considered by the Central Government.

In the said Rules for rule 19 in Part I of Port Rule 51 the following rule shall be substituted, namely:—

“19. No bulk oil vessel shall be taken amongst the other shipping, unless proceeding to an oil berth (or in the case of a vessel carrying fuel oil only, into Dock) until her Master produces a certificate from a Surveyor or an officer appointed in this behalf by Government that he has examined the tanks with the aid of a vapour-resting instrument and that the vessel has been found entirely clear of petroleum and vapour of petroleum and is in a fit state to enter dock. All bulk oil vessels proceeding to dry dock shall produce such a certificate. No repair work to pipes, valves, pumps and other fittings of tanks and pump rooms of a petroleum tanker shall be carried out in the dry dock or in the wet dock unless a certificate signed by the Chemical Examiner or the Assistant Chemical Examiner, Custom House, Bombay to the effect that these fittings are free from dangerous vapour, has been obtained:

Provided that a bulk oil vessel which has not carried petroleum of a flash point below 150° F. since her last gas-free certificate was granted and which is entering Dry Dock for the purpose of hull painting and examination only, will be admitted into Dry Dock on a certificate issued by the Master of the vessel stating that the tanks have been properly cleaned out. If after entry into Dry Dock it should transpire that the vessel requires more extensive repairs, a gas-free certificate signed by the Chemical Examiner or the Assistant Chemical Examiner, Custom House, Bombay must be produced before such repairs shall be started.”
